

# Welcome to Dartmoor Zoological Society

A conservation charity working hard in many interesting and wonderful ways to promote healthy lives for wildlife and people.

## But why?

**Because of statistics like - 540 Amur tigers left in the wild**

**Your sponsorship supports...**

**Maintenance of the enclosures**

**Animal health and wellbeing**

**Over 200 animals**

**Over 150 staff and volunteers**

Our incredible resident animals are an inspiration to everyone. Not only are they beautiful individuals, but they all hold critical roles as ambassadors for their species by helping to inform and empower the wider world about the critical role we humans play in the stewardship of this planet.

The Dartmoor Zoo of today is unrecognisable from the private wildlife park founded in 1968. But there is still so much more we can do, with your help. Some of our enclosures need updating, and we have ambitions for some potentially massive projects, if we can find the support, which is where you come in!

Some of our projects would never come together without help from teams or individuals supporting, donating and volunteering at the zoo, be they regular uniformed volunteers, corporate groups lending a hand, or some of the many people who use their time at the zoo to help them with their own wellbeing.

**By becoming a Corporate Sponsor you can really make a difference to all that we do.**

Benefits	Bronze £1000+ VAT	Silver £3000+ VAT	Gold £5000+ VAT	Champion £10000+ VAT
