

EDUCATION PASS FOR ALTERNATIVE PROVIDERS

Here at Dartmoor Zoo, we understand that learning does not need to be confined to the classroom walls and that for some students an outdoor learning environment can support their engagement. We have 10 years experience working directly with alternative providers and have won awards for the programmes we have developed.

With our Alternative Provider Education Pass, you will have a unique opportunity to visit our site with unlimited student admission during term time*. Whether you have one student who needs to escape into nature, or a group of students who want to learn more about the natural world, our education pass has the flexibility for you to do this.

***Please see terms and conditions for the terms of use**

Our Alternative Provider Education Pass is designed specifically for schools or units who work with students that fit one or more of the following:

- **Have an EHCP**
- **Are working on reintegration into mainstream or special schools**
- **Have additional SEMH needs**
